

Template to install Cup Holder

STEP 1:

The two holes are on top while the one hole is at the bottom. Align the template at the edge of the cabinet positioning the bottom of the template to the edge of the cabinet.

DO NOT ALIGN TO THE LED STRIP. It would align above that but below the cabinet.

TOP EDGE OF CABINET

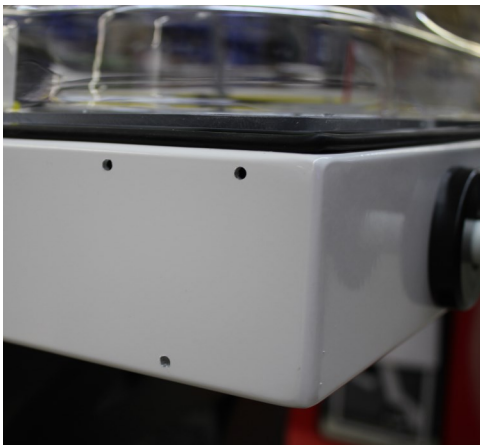

BOTTOM EDGE OF CABINET

STEP 2:

Using a 9/64 drill bit, drill the three circles.

STEP 3:

Attach the cup to the cabinet using the provided hardware (#8x1/2). Repeat for the other side.
